

What Ails You?

Do you feel weak, tired, dependent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heart-burn," belching of gas, acid rising in throat after eating, stomach gas or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at these will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of native American medicinal forest plants. ONE NEW LAW AFFECTS OUR CO. AUDITOR

OFFICIALS OF ALL COUNTIES PROTECTED FROM SUITS FOR PAYING MONEY ON ORDER OF COURTS

IN COURTHOUSE CASE

Statute Will Protect Auditor Chas. M. Walker From Suits on Bond Brought by Ness for Over \$5700.

One of the new laws of the last legislature directly affects Marshall county and county Auditor Walker on a suit in connection with the courthouse case. It will be remembered that after the commissioners had allowed the bills of O'Keefe for repairs on the courthouse, and they had been paid on warrants drawn by the auditor, Mr. Ness brought suit, as a retractor, for the recovery of these sums and the payment of them back to the county treasury, on the ground that they had been illegally paid. The amount of these bills was about \$5700, and under the old law and rulings the auditor was responsible for the amount paid if it was illegally paid out, notwithstanding it was done on order of the board of commissioners.

The auditors of the state, feeling that this was an unwarranted and unfair thing for them, got together and induced the legislature to pass this new law which fully protects them from all official responsibility for county expenditures. It is as follows:

Senate Bill No. 454.

A Bill for an Act entitled "An Act protecting County Auditors against any civil or criminal liability by reason of any warrants issued by them in good faith upon the order and authority of the Board of County Commissioners or the judgments of Courts of Common Law Jurisdiction of this State and repealing all laws in conflict therewith, and declaring an emergency."

Section 1. Be it enacted by the General Assembly of the State of Indiana, That when heretofore or here after in good faith, any Auditor of any County in the State of Indiana, pursuant to the order or authority of the Board of Commissioners of any such County, or pursuant to the judgment or order of any Court of Common Law Jurisdiction in any such County, in any case wherein said County was a party and was duly served with process shall have issued his warrant upon the Treasurer of said County, that then and in such event, no civil suit shall be maintained against said County Auditor or his bondsmen for the issuance of said warrant, although such warrant shall have been drawn pursuant to some order of the Board of Commissioners or judgment of the Court which is either void or voidable, but the validation of such act of the Auditor shall not prevent the recovery of any sums of money from any person receiving the same that might have been recovered if this Act had not been passed.

Sec. 2. All laws and parts of laws in conflict with the provisions of this Act are hereby repealed.

Sec. 3. That an emergency exists for the immediate application of this Act and the same shall be in force and effect from and after its passage.

No Need To Stop Work.

When your doctor orders you to stop work, it staggers you. "I can't stop work," you say. You know you are weak, run-down and failing in health, day by day, but you must work as long as you can stand. What you need is Elctric Bitters to give tone, strength and vigor to your system, to prevent breakdown and build you up. Don't be weak, sickly or ailing when Electric Bitters will benefit you from the first dose. Thousands bless them for their glorious health and strength. Try them. Every bottle is guaranteed to satisfy. Only 50c at Fred Wenzler.

Good Winter Weather.

March 15 brought to this vicinity a real March wind with a real cold winter wave. Snow began falling early in the morning and the temperature grew colder and colder all day and into the night, until the thermometer registered 6 degrees above zero.

Shower for Miss Humrichouser.

A very delightful social affair occurred Friday night when Miss Hazel Soice gave a linen shower for Miss Lois Humrichouser. The guests were the Sewing Club and the young ladies brought many gifts of their own handiwork. Miss Soice is a royal entertainer and with her rare ability at the piano, well planned games and a delightful luncheon she made the evening most enjoyable. The shamrock was in evidence and the entire house suggested St. Patrick himself. The beautiful silk flags draped the dining room, that of Ireland and our own U. S. The table was artistic with green ribbons and candles and even the luncheon was suggestive of the day.

Twentieth Century Club Entertained.

Mrs. L. M. Lauer entertained the ladies of the Twentieth Century Club Friday afternoon. The afternoon was spent in playing whist, which was permissible to the ladies observing Lent, the day being St. Patrick's day. Delicious refreshments were served and all enjoyed themselves immensely.

Mrs. Kepler Recovering.

Mrs. Wesley Kepler of Sycamore street is recovering nicely from a very bad case of blood poisoning, which affected her whole body. About six weeks ago she pricked her finger on a tin can. Blood poisoning set in and soon spread to her whole body. At times it was very doubtful whether she could recover at all, but she is now getting better.

FOUR CAR LOADS OF GRANITE FOR SOUTHWORTH'S

Local Firm Receives Big Shipment From Quincy, Mass.

For Tombstone Business. Large Industry.

BEST EQUIPPED SHOP

Plymouth Firm Enjoys Largest Trade in Central and Northern Parts of Indiana—Ready for Spring Business.

B. C. Southworth and son are now unloading four cars of granite for their spring tombstone business. All of this material comes from Quincy, Mass., and is of a better grade than is usually bought by tombstone firms.

The magnitude of this Plymouth business will surprise tombstone men in all parts of Indiana, and elsewhere also, because it is the largest, in all the northern and central parts of the state and one of the very largest in the whole state. The shop, while it is not the largest, is perhaps the best equipped one in Indiana. With its traveling crane and pneumatic tools, all run by electric motors, and every other facility known to the trade, the Plymouth industry is much better and larger than people here realize, until they investigate.

The work of unloading these four cars is in charge of Mr. Frank Southworth, his father being in California. To show the size of this business it is enough to state that the freight alone on these four cars of granite is \$150 a car. The granite is being placed in the shop and their storage yard in the rear of the shop. Since they have been using an automobile in the business, the trade of the firm has extended beyond the limits of the county. One of their most important works was the erection of the Menominee monument at Twin Lakes.

GUARANTEE OF \$500 TO BE PUT UP IF CITY DRY

MASS MEETING SUNDAY STARTS MOVEMENT TO SECURE LAW ENFORCEMENT AFTER ELECTION MARCH 31.

SEVERAL ADDRESSES

Collection of \$15.45 Given by Audience at Presbyterian Church—One Woman Pledges \$5 to Try to Save Her Husband.

One of the results of the mass meeting at the Presbyterian church Sunday afternoon will be that fifty men of the city will pledge \$500 to a fund to secure the enforcement of the liquor laws in Plymouth in case the city goes "dry". Rev. G. A. Pflug, leader of the dry forces asked whether this would not be done and after the meeting was over fifteen put their names to a paper for that purpose. It was thought no trouble at all would be had in getting fifty and perhaps more to sign the agreement.

Before the meeting was over a collection was taken and the sum of \$15.45 secured to help pay for the prosecutions recently made, the expense of witnesses having been borne by Prosecutor Harry L. Unger. A touching incident was the pledge of \$5 by one woman whose husband is going to the bad because of the saloons, and she hopes to save him by helping the city to go dry.

In his address Rev. Mr. Fraley said the saloon was no good to a community in any respect. He illustrated his remarks by supposing there was a bank on one street corner, a home on another, a church on a third and a vacant building on the fourth. Would anyone want a saloon to go into the vacant building? If the mother in that home saw her boy go into the bank or the church she would feel on anxiety; but if he went into a saloon, whether on the corner or elsewhere, she would want to follow him.

Rev. Mr. Yager praised the Women's Christian Temperance Union, for the work they had been doing and are now doing. He said Plymouth was a most beautiful city—as fine as Winona Lake—and the people ought not to think of letting it be marred by a saloon. What would people think if they had saloons at Winona Lake? Plymouth is just as good. He told of the awfulness of drink appetite and plead with the people not to place that temptation in the way of any.

Rev. Mr. Pflug said the city was going dry—if the dry forces got to work in earnest but not unless they did. Two years ago he had seen a certain man reeling along the sidewalks. He had not been reeling while the city was dry, but now he was reeling along the sidewalks again.

Rev. Mr. Smith said the strongest argument against the saloon was the finished product of the saloon.

Meeting of Diamond Seekers' Club.

Mr. and Mrs. John Morelock entertained the Diamond Seekers' Club at their home five miles west of Plymouth Saturday evening. About thirty young people were present to enjoy the occasion. One who was there reports that they had "great fun all the while, but perhaps the most pleasing feature of the evening was the contest." This contest was "A trip to the Art Gallery." Miss Fern Day won the prize, a beautiful framed picture for recognizing the most works of art. The hostess had intended giving a booby prize, but being tender hearted, she relented in time to spare the pride of some one. Refreshments consisting of ice cream, bananas, several kinds of cake, and candy were served.

Forced to Leave Home.

Every year a large number of poor sufferers, whose lungs are sore and racked with coughs, are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," wrote W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the king of all cough and lung cures." Thousands owe their lives and health to it. It's positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles, 50c & \$1.00. Trial bottle free at Fred Wenzler.

Dr. Eikenberry's day is Friday of each week.
